Successful exit – komoot sold slightly above book value

bmp Holding yesterday reported another exit in the venture capital portfolio. The 7.74% stake in komoot was sold to a private investor. According to bmp, this resulted in revenues in the upper six-digit amount, slightly exceeding the book value of the investment. We assume that bmp will see a cash inflow of at least EUR 700k. Following the sale of komoot, the number of investments in the venture capital portfolio is reduced to ten companies, with the book value reaching some EUR 14m now.

Waiting for exits of brand eins, castaclip and dailyme: Yesterday’s transaction demonstrates that there are valuable investments in the venture capital portfolio, which can be sold at or above book value. The cash inflow will likely be invested in the expansion of the e-commerce activities. We believe it will be necessary to sell brand eins, castaclip or dailyme to stem further larger acquisitions, since these three investments account for more than half of the remaining book value of EUR 14m. bmp should stick to its strategy of not selling any investments well below their book value even if this may delay the time of the exit.

Upcoming news flow: On release of Q1 figures the company commented on the expected course of the year. Q2 is traditionally weaker and bmp expects a decline in revenue versus Q1 (EUR 4.3m) to EUR 3.5m. At the same time, bmp Holding confirmed the full-year guidance which foresees organic revenue of EUR 20m. With increasing visibility on the new high-growth business model the shares are expected to respond positively in the further course of the year. That said, a revaluation of the shares and a trend towards the fair value the stock should not materialise until bmp succeeds in selling one of the three major venture capital investments.

Conclusion: komoot’s exit does not come as a surprise. The provider of an app for outdoor activities has a good group of investors and a coherent business model. A sale slightly above book value represents another step for bmp on the way to becoming a focused e-commerce player in a strongly growing market with good margins. Since the stake in komoot was sold only slightly above book value there is no need to adjust our price target of EUR 1.20. Buy rating reiterated.

COMPANY BACKGROUND

bmp Holding AG is an industrial holding based in Berlin. The company has three investments in the sleeping worlds segment: sleepz GmbH, the Matratzen Union Group and Grafenfels Manufaktur GmbH.

Source: Company

Majority interest sleepz is fully consolidated since May 2015. The company emerged from the former muchasa GmbH, in which bmp acquired an interest in June 2014. sleepz currently has 39 employees and generated revenues of roughly EUR 6.4m in 2015.

In November 2015, bmp acquired a majority interest in Matratzen Union Group. Like sleepz, the companies operate several online shops in the field of sleeping worlds and an online outlet for (sleeping) furniture and decoration. In the last financial year 2015, the group generated revenues of c. EUR 6.4m with its 16 employees. MU is already operating profitable.

The third investment, Grafenfels, is a new foundation. The company produces and sells an own mattress brand. The market launch was in February 2016.

sleepz

sleepz GmbH was founded in December 2012. The company is an online retailer for sleeping worlds. The company’s online shop features more than 50,000 items. sleepz addresses both the premium segment and the strongly growing discounter market. Since mid-2015, sleepz offers its customers an own mattress brand – Matratzenheld – in the entry segment, which is exclusively available on Matratzendiscount. In September 2015, the company also opened its first retail store in Berlin. sleepz generated revenues of EUR 6.4m in FY 2015 with currently 39 employees.

Matratzen Union Group

Matratzen Union is the second investment of bmp in the field of sleeping worlds. The chart below provides an overview of the company’s structure.

Source: Company

Matratzen Union GmbH and **Markenschlaf GmbH** are – like sleepz – pure online retailers for sleeping requirements. They are focused on best-selling mattresses in standard sizes and on box spring beds. The companies have very good access to most of the well-known mattress manufacturers and have over 2,500 products in store. In addition to a fast delivery, this may also result in price advantages in purchasing. Matratzen Union and Markenschlaf also have exclusive private labels: "Wolkenwunder" and "Schlafschatz".

Ecom Union GmbH operates the website "onletto.de", an online outlet for (sleeping room) furniture and decoration. The company purchases its products via MHK as purchasing association. This is a network of more than 2,000 retail partners in the furniture sector.

Denkvertrieb GmbH is the group's service company with a focus on IT and online marketing

Grafenfels Manufaktur

The newly founded Grafenfels Manufaktur GmbH offers its own mattress brand of the same name. The company has developed five individual mattresses, which have different colours. Grafenfels addresses an internet-affine target group, which wishes for comprehensible products with high commitment to quality. The mattresses are manufactured at Grafenfels' order and specifications. Sale and distribution of the own brand are made via www.grafenfels.de, and initially also via the shops of sleepz and MU. By now 10 additional retailers were found.

Experienced management with profound knowledge in the sleeping world segment

bmp Holding AG has an experienced management. Oliver Borrmann has been CEO since the company's foundation. The subsidiaries are managed by executive directors Youssef Hassan, Martin Jungermann and Stefan Müller. These three are proven experts in the field of sleeping worlds and have many years of corporate experience as well.

Oliver Borrmann founded bmp media investor AG as an investment company in 1997. As the company's CEO he is responsible for corporate development. At bmp, he managed a parallel fund for KfW and accompanied more than 100 investments. He has gained relevant experience as a corporate consultant for HBS Consulting Partners GmbH in Munich. Oliver Borrmann earned his degree in economics at the University of St. Gallen (Switzerland) with honours. In addition to his seat on the board he holds several Supervisory Board mandates, including Heliocentris Energy Solutions AG and brand eins Medien AG.

The group's subsidiaries have a large expertise in the addressed market segment of sleeping worlds.

Youssef Hassan is managing director and shareholder of sleepz GmbH and responsible for customer service, product management and fulfilment. A state-certified business economist, Youssef Hassan started his career at Hutchison Telecom and moved to the bedding industry twelve years ago. Amongst others, he established and managed a mattress company for manufacturer Fray & Co. in Aleppo (Syria). Youssef Hassan has been working in e-commerce since 2003 and established and managed several companies in the sleeping requirement trading segment over the years.

Martin Jungermann, managing director of Matratzen Union GmbH, started his career in 1994 with an apprenticeship as industrial clerk at Klute GmbH Schlafsysteme, thus gaining first experience in the living/sleeping world market segment. Since then, the state-certified business economist has been working in retail, as sales manager and house director at Möbel Schaumann, store manager at company group Gebers and founder in the living/sleeping sector. Since 2011, Martin Jungermann has been managing partner of Markenschlaf GmbH, Matratzen Union GmbH and Ecom Union GmbH.

Stefan Müller is managing director of Grafenfels Manufaktur. He started his career as trained toolmaker at Siemens in 1991 and gained valuable job experience in the years thereafter, amongst others as team leader for building moulds at Johann Czotscher GmbH, as plant manager at Geyer Köln GmbH and sales manager at Schwarzfilm Berlin Postproduction GmbH. In 2004, Stefan Müller assumed a managing position with

important responsibility for personnel and budget at CinePostproduction GmbH for some years until he became a freelance consultant at CT-Formpolster GmbH in business development and e-commerce sale.

Shareholder structure

The share capital of the public limited company is divided into 20,701,174 no-par value shares. Founder and CEO Oliver Borrman is the company’s largest single shareholder with a stake of 15.30%. Other significant investors are Carin Pepper (10.04%), Roland Berger Strategy Consultants GmbH (7.46%), Michael Stammler (3,24%) and Peter R. Ackermann (3.00%). The free float is 60.96%. The following chart shows the current shareholder structure.
